Fleurette Constructeur

*Choosing responsible,
french manufacturing.*

Our teams have a definite focus on the future while upholding our company's Made in France craftsmanship from our first "Super" folding caravans to our new Black Pearl campervan. Our commitment has not changed since we started out: "Creating high quality, premium recreational vehicles designed for the onboard wellbeing of our motorhome users." And we have delivered on our promise for nearly 60 years through our expertise in cutting-edge techniques and our hand-crafting skills, to satisfy the most demanding customers.

OVER 2,000 HOURS OF TRAINING every year for our employees and the creation of a Manufacturing School in 2023, in partnership with Compagnons du Devoir. Our aim? To provide training that leads to a job offer.

94% of our suppliers of European plywood hold PEFC certification, which guarantees **SUSTAINABLE FOREST MANAGEMENT**.

20 KM radius from our sites: We aim to work with **LOCAL PARTNERS** in order to support the regional and national economy and reduce our carbon footprint. That is a key goal for us as part of the French Fab.

OVER 2,000 POPLARS REPLANTED EVERY YEAR as part of our involvement in a reforestation project in the heart of the Marais Poitevin regional park.

One **TENTH THE ENERGY CONSUMPTION** thanks to more energy-efficient vehicles: 100% LED living area lighting, shower head with flow restrictor, battery management system to track remaining hours, and more.

Since 2005, FLEURETTE CONSTRUCTEUR has been part of the European group RAPIDO, which operates in the motorhome, mobile home, fitted van and pop-top van markets. We share with the Group the values of a family business: proximity, quality and innovation for French customers and their European neighbours.

Choosing Fleurette Constructeur,

The french premium motorhome specialist.

MASTERY OF MATERIALS, A FLEURETTE SIGNATURE

FLEURETTE CONSTRUCTEUR is one of the few companies with its own polyester workshop, enabling it to manufacture all its furniture and composite parts. A unique know-how and keenly apply with passion to satisfy all of our Fleurette & Florium motorhome enthusiasts.

MODELS CREATED BY OUR OWN DESIGN DEPARTMENT

Using high-performance design software, our developers work assiduously every year to offer you new facilities and ingenious layouts that match your lifestyle, with spacious storage facilities.

Learn about our expertise at
fleurette-constructeur.fr/en/

BUILT-IN JOINERY

Today, combining industrial performance, digital order processing and artisanal craftsmanship, the joinery team draw on their skills and a wide variety of processes, working together to continuously enrich the layouts and facilities of our motorhomes.

Two wood finishes, two styles:
Walnut on Fleurette and Ash on Florium.

100% REINFORCED POLYESTER BODYWORK

Today, FLEURETTE CONSTRUCTEUR is the only manufacturer in Europe offering 100% polyester bodywork vehicles, which are produced entirely in our factory in the Vendée region. HIGH-QUALITY, LONG-LASTING RAW MATERIALS:

- 1/ « High-tech » gelcoat.
- 2/ Fibreglass reinforcements.
- 3/ Resin matrix.

RECOVERY SYSTEM: THE ONLY ASSEMBLY METHOD OF ITS KIND IN EUROPE

- The roof, hood and rear are attached/ glued without drilling, by covering the sides.
- Wraparound panoramic wide-angle windscreen: increased visibility for your safety.
- Lowered full-width polyester storage area on reinforced chassis extension. It is padded and heated for greater insulation.
- Flush window improving the thermal insulation and security of your vehicle (cannot be removed from the outside).

PROTECT SYSTEM: OPTIMAL DURABILITY AND INSULATION

The insulating XPS Styrofoam (30 mm of Styrofoam on either side and in the floor) has considerable thermal and acoustic insulating properties, as well as water-resistance and lightness. The mix of fibre composite and wood, uniting composite's long life with the exceptional solidity of solid wood, strengthens the structure of walls and floor.

- 1/ Styrofoam 2/ Wooden batten
- 3/ Polyurethane batten 4/ Polyester

—FLEURETTE—

Reimagined charm, authenticity and elegance.

Fleurette embodies the excellence of Made in France with its unrivalled elegance and refinement. This year, we wanted to offer you a new interior style in our vehicles. With luxury wooden furniture, practical layouts and exclusive brightly-lit interiors with LED lighting, each Fleurette provides a unique, enjoyable living space.

Experience endless adventures aboard

RANGE
BLACK PEARL
 The first Florium campervan

A CONTINUING STORY

In the 1980s, Fleurette – sister brand of Florium – was already making fitted vans, well before starting to manufacture motorhomes. Black Pearl also evokes an iconic limited edition series that left a lasting impression on Florium clients a few years ago. When you choose a Florium campervan today, you become part of our great pioneering tradition.

MEETING NEW NEEDS

As travel habits evolve, so do customer expectations. Florium responds with modern, agile campervans designed for more compact and versatile adventures.

PREMIUM STANDARDS

With a Skyview, luxury upholstery, Truma Diesel heating, plenty of storage, Vario washroom and more, every detail has been designed to deliver outstanding travel comfort aboard our first Florium campervan.

LAYOUTS TO SUIT EVERYONE

Catering to all needs, the Black Pearl comes in two lengths and four layouts: 5.90 m with transverse bed or 6.30 m with twin beds, king size bed or right-hand side bed.

Comfort and design *for your daily well-being.*

**TOUCH SCREEN-CONTROLLED
HEATING FOR YOUR MOTORHOME**

Truma Combi Heating owes its success to the fact that it is compact, effective and reliable. It combines hot water and heating in a single appliance. Every year, Truma is ranked amongst the brands with the most innovative products in Germany.

- Depending on the model, it runs on gas or diesel (electric mode as option*).
- Air and water are heated with 97 % efficiency using 1800 W electric resistance heating.
- Collision sensor that cuts the gas in the event of an accident.
- Available in two systems, Combi Gas or Diesel.

*This season, the Truma EH is provided as standard on the Wellness Edition Migrateur 69LJG, Magister 70LMF, 70LJG and 74LMF, Discover 74LJG and 75LMF.

LUXURY BEDDING

Because "good sleep means good health", we want to offer you maximum comfort. All our mattresses are made from 35 kg/m² density soy-based Evulflex foam, with a slatted base.

FEATURES:

- 12 cm highly durable foam panel.
- 150 g/m² hypoallergenic fibre padding.
- Anti-mite jersey ticking on both sides.
- Adapts to your body shape.

STUNNING FURNITURE

Elegantly designed furniture without compromising on storage.

Excellent service quality

for worry-free purchases

SERVICES
FREE-OF-CHARGE
FOR THE FIRST
YEAR

FLEURETTE ASSISTANCE :

24/7 in France, abroad or at home, a team of trained on-line motorhome troubleshooting and assistance engineers are on hand to reassure and assist you whatever happens.

Services free-of-charge in the first year for all new Fleurette* and Florium* motorhomes

*After 12 months, you will be asked if you wish to continue the service. For more information, contact +33 (0)3 29 29 85 85

To find out more about our assistance service, visit www.fleurette-constructeur.fr/en

6-YEAR
WATER-
TIGHTNESS
WARRANTY

WARRANTY AND SERVICES:

All materials in contact with the exterior are rot-resistant and create a watertight shield that enables us to offer you a 6-year water-tightness warranty, after an annual humidity check.

To ensure the extended warranty remains valid, you must have a weathertightness check performed every year by a Fleurette-Florium operator.

YOUR FINANCIAL PARTNER

LET'S STAY IN CONTACT
